## SAFETY DATA SHEET

---

### 1 – IDENTIFICATION OF SUBSTANCE / AGENT AND COMPANY / FIRM

*Identification of substance / agent:*

Name: NEISS 8  
Product code: 1004  
Use: Identification kit for proof of Neisseria's and Moraxella catarrhalis.

*Identification of company / firm:*

Name: DIAGNOSTICS s.r.o.  
Address: Hodská 68, 924 01 Galanta  
Tel.: +421 917 742 927 Fax: +421 269 202 902  
E-mail: info@diagnostics.sk  
<http://www.diagnostics.sk>

*Emergency link:*

Organization: National toxicological information centre, Limbová 5, 833 05 Bratislava  
Tel.: +421-2-54 774 166

---

### 2 – IDENTIFICATION OF HAZARDS

Product is not classified as dangerous according to directives of European Union.

---

### 3 – COMPOSITION / INFORMATION ON INGREDIENTS

Product does not contain components classified as dangerous according to directives of European Union.

---

### 4 – FIRST AID MEASURES

As components of product are in solid form in wells of diagnostic plates, product is not recognized as threat to health when instructions of leaflet are kept.

---

### 5 – FIREFIGHTING MEASURES

**Suitable extinguishing agents:**

For extinguishing use these sorts of fire extinguishers carbon dioxide, foam or dry chemical according to materials stored in immediate proximity.

**Specific hazards:**

There is no information available.

**Additional information:**

Avoid contamination of system of surface or underground waters by water used for fire extinguishing.

---

## 6 – ACCIDENTAL RELEASE MEASURES

### Specific protective measures:

No specific requirements.

### Environmental protective measures:

Liquidate used or unused product as dangerous waste.

---

## 7 – HANDLING AND STORAGE

### Handling:

Protect from light and moisture.

### Storage:

Store in dry place.

---

## 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

Product does not contain materials with exposure limits.

Additional information in section 11 – Toxicological information

---

## 9 – PHYSICAL AND CHEMICAL PROPERTIES

### Basic information:

Product is in form of microtitration plate, where in single wells are placed dehydrated substrates.

---

## 10 – STABILITY AND REACTIVITY

### Conditions, which must be avoided:

No specific conditions.

### Materials, which must be avoided:

There is no information available.

### Hazardous decomposition products:

There is no information available.

---

## 11 – TOXICOLOGICAL INFORMATION

### Acute toxicity:

There is no quantitative information about toxicity of product available.

### Additional information:

Product must be handled with caution usual for chemicals.

---

## 12 – ECOLOGICAL INFORMATION

### Ecotoxicological effects:

There is no information available.

---

#### Additional ecological data:

There is no reason to expect ecological problems, if product is handled and used with proper caution and attention.

---

#### 13 – DISPOSAL INFORMATION

##### Product:

Product disposal must be made according to official regulations.

##### Packaging:

Packaging disposal must be made according to official regulations.

---

#### 14 – TRANSPORT INFORMATION

Product is not classified as dangerous according to transport regulations.

---

#### 15 – REGULATORY INFORMATION

This Safety Data Sheet is prepared in accordance with formatting described in the REACH Regulation (EC) No 1907/2006, in CLP Regulation (EC) No 1272/2008 and in Annex II of Commission Regulation (EU) No 2015/830

##### Working restrictions:

Take into consideration directive 94/33/ES about protection of young people at work.

---

#### 16 – OTHER INFORMATION

-

---

*Information stated in this safety data sheet is based on current state of our knowledge.*

*It characterises product with consideration on adequate safety measures. It does not represent warranty of material properties.*
