
SAFETY DATA SHEET

1 – IDENTIFICATION OF SUBSTANCE / AGENT AND COMPANY / FIRM

Identification of substance / agent:

Name: CARBA
Product code: 3010
Use: Diagnostic kit CARBA is intended for fast identification of bacteria producing carbapenemases.

Identification of company / firm:

Name: DIAGNOSTICS s.r.o.
Address: Hodská 68, 924 01 Galanta
Tel.: +421 917 742 927 Fax: +421 269 202 902
E-mail: info@diagnostics.sk
<http://www.diagnostics.sk>

Emergency link:

Organization: National toxicological information centre, Limbová 5, 833 05 Bratislava
Tel.: +421-2-54 774 166

2 – IDENTIFICATION OF HAZARDS

Classification of the substance or mixture:

The product is not classified as dangerous according to European Union directives.

3 – COMPOSITION / INFORMATION ON INGREDIENTS

Product is not classified as dangerous according to directives of European Union.

4 – FIRST AID MEASURES

Contact with eyes:

Rinse eyes with open lids several minutes with flow of running. Consult with doctor in case of retaining difficulties.

Contact with skin:

Immediately wash with amount of water. Remove contaminated clothing.

After swallow:

Let victim drink water (no more than 2 cups). In case of nausea call doctor.

After inhalation:

Transfer affected person on fresh air.

5 – FIREFIGHTING MEASURES

Suitable extinguishing agents:

For extinguishing use these sorts of fire extinguishers carbon dioxide, foam or dry chemical according to materials stored in immediate proximity.

Specific hazards:

Flammable material. Burning can release dangerous fumes and vapours.

Additional information:

Avoid contamination of system of surface or underground waters by water used for fire extinguishing.

6 – ACCIDENTAL RELEASE MEASURES

Specific protective measures:

Do not inhale vapours / spray.

Environmental protective measures:

Prevent entering canalization system.

Cleaning methods:

Remove by absorbent material. Send for disposal. Clean affected place with water and detergent.

7 – HANDLING AND STORAGE

Handling:

No special requirements.

Storage:

No special requirements.

8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

Protection of respiratory system:

Necessary when vapours / aerosols are formed.

Eyes protection:

Use safety glasses.

Additional information in section 11 – Toxicological information

9 – PHYSICAL AND CHEMICAL PROPERTIES

Basic information:

State:	solid, liquid
Colour:	colourless dust, red-pink solution
Odour:	odourless

10 – STABILITY AND REACTIVITY

Conditions, which must be avoided:

No special requirements.

Materials, which must be avoided:

No special requirements.

Hazardous decomposition products:

There is no information available.

11 – TOXICOLOGICAL INFORMATION

Acute toxicity:

Quantitative data on the toxicity of the preparation are not available

Additional data:

There is no need to expect any toxic effects, if product is properly handled. Handle product with care usual for work with chemicals.

12 – ECOLOGICAL INFORMATION

Ecotoxicological effects:

There is no information available.

Additional ecological data:

There is no reason to expect ecological problems, if product is handled and used with proper caution and attention. Do not allow to enter waters, waste water, or soil

13 – DISPOSAL INFORMATION

Product:

Product disposal must be made according to official regulations.

Packaging:

Packaging disposal must be made according to official regulations.

14 – TRANSPORT INFORMATION

Product is not classified as dangerous according to transport regulations.

15 – REGULATORY INFORMATION

Operating limits:

Take note of Dir 94/33/EC on the protection of young people at work

16 – OTHER INFORMATION
