

## SAFETY DATA SHEET

---

### 1 – IDENTIFICATION OF SUBSTANCE / AGENT AND COMPANY / FIRM

#### *Identification of substance / agent:*

Name: NYS  
Product code: 6035-50; 6035-500  
Use: Antimicrobial disc with content of nystatin.

#### *Identification of company / firm:*

Name: DIAGNOSTICS s.r.o.  
Address: Hodská 68, 924 01 Galanta  
Tel.: +421 917 742 927 Fax: +421 269 202 902  
E-mail: info@diagnostics.sk  
<http://www.diagnostics.sk>

#### *Emergency link:*

Organization: National toxicological information centre, Limbová 5, 833 05 Bratislava  
Tel.: +421-2-54 774 166

---

### 2 – IDENTIFICATION OF HAZARDS

Product is not classified as dangerous according to directives of European Union.

---

### 3 – COMPOSITION / INFORMATION ON INGREDIENTS

Product does not contain components classified as dangerous according to directives of European Union.

---

### 4 – FIRST AID MEASURES

As components of product are in solid form impregnated on filtration paper, product is not recognized as threat for health when instructions of leaflet are kept.

---

### 5 – FIREFIGHTING MEASURES

#### Suitable extinguishing agents:

For extinguishing use these sorts of fire extinguishers carbon dioxide, foam or dry chemical according to materials stored in immediate proximity.

#### Specific hazards:

There is no information available.

#### Additional information:

Avoid contamination of system of surface or underground waters by water used for fire extinguishing.

---

### 6 – ACCIDENTAL RELEASE MEASURES

#### Specific protective measures:

No specific requirements.

#### Environmental protective measures:

Liquidate used or unused product as dangerous waste.

---

---

## 7 – HANDLING AND STORAGE

### Handling:

Protect from light and moisture.

### Storage:

Store in dry place.

---

## 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

Product does not contain materials with exposure limits.

Additional information in section 11 – Toxicological information

---

## 9 – PHYSICAL AND CHEMICAL PROPERTIES

### Basic information:

Product is in form of paper disc, impregnated by ingredients.

---

## 10 – STABILITY AND REACTIVITY

### Conditions, which must be avoided:

No specific conditions.

### Materials, which must be avoided:

There is no information available.

### Hazardous decomposition products:

There is no information available.

---

## 11 – TOXICOLOGICAL INFORMATION

### Acute toxicity:

There is no quantitative information about toxicity of product available.

### Additional information:

Product must be handled with caution usual for chemicals.

---

## 12 – ECOLOGICAL INFORMATION

### Ecotoxicological effects:

There is no information available.

### Additional ecological data:

There is no reason to expect ecological problems, if product is handled and used with proper caution and attention.

---

## 13 – DISPOSAL INFORMATION

### Product:

Product disposal must be made according to official regulations.

### Packaging:

Packaging disposal must be made according to official regulations.

---

#### 14 – TRANSPORT INFORMATION

Product is not classified as dangerous according to transport regulations.

---

#### 15 – REGULATORY INFORMATION

This Safety Data Sheet is prepared in accordance with formatting described in the REACH Regulation (EC) No 1907/2006, in CLP Regulation (EC) No 1272/2008 and in Annex II of Commission Regulation (EU) No 2015/830

#### Working restrictions:

Take into consideration directive 94/33/ES about protection of young people at work.

---

#### 16 – OTHER INFORMATION

-

---

*Information stated in this safety data sheet is based on current state of our knowledge.  
It characterises product with consideration on adequate safety measures. It does not represent warranty of material properties.*
